Timothy R. Deer

Atlas of Implantable Therapies for Pain Management Timothy R. Deer

This Atlas serves as a guide to beginning implanters, intermediate implanters, and the most advanced practitioners. The author covers the process of implanting and managing spinal cord stimulators, peripheral nerve stimulators, and intrathecal pumps from the beginning of the process to long term management. The book also discusses the recognition, prevention, and management of complications. The Atlas is a must for any physician hoping to improve their skills in any segment of this important area of interventional pain treatment. The combination of instructional photographs and detailed instructions makes each segment a great learning event.
