Garden Open Today Beverley Nichols

When Beverley Nichols first published *Garden Open Today* in 1963, he was already well known for his "garden adventure" books such as *Down the Garden Path* and *Merry Hall*, whose unforgettable characters still live in the imaginations of present-day gardeners. In *Garden Open Today*, however, Nichols attempted a departure from his previous gardening books; he sought to distill 30 years of practical gardening experience in an entertaining fashion, and perhaps to strike back at critics who whispered that he was not a "real gardener." Our new facsimile edition includes a foreword and plant-name index by Roy C. Dicks.
