This brilliantly witty novel (1894) follows the lives of two sisters in a wealthy Scots family. One escapes to a profession in London and eventually a decent marriage while the heroine, Hadria, vows to become a composer in Paris, but is thwarted. *The Daughters of Danaus* reveals the power of marriage and the family hold in controlling the lives of talented, spirited women; but unlike other oppressed heroines of the period, Hadria and her feminism both survive. The books includes a trailblazing essay on marriage published by Caird, a visionary novelist and social critic.
