The School Counselor's Guide: High School Guidance Curriculum Activities Mark D. Nelson

The School Counselor's Guides is a set of three volumes, providing a tailored guidance curriculum for Elementary, Middle, and High School students, including approximately 100 classroom activities that are organized and designed to meet the National Standards created by the American School Counselor Association (ASCA). These activities can be used in the design of a comprehensive guidance curriculum, which addresses the academic, career, and personal/social development of all students. Each of *The Guides* provide assessment instruments that allow counselors to measure how school counseling programs make a difference for their students. These assessment instruments measure the guidance curriculum's effectiveness to promote the academic, career, and personal/social developmental domains. These publications have been assembled in three-ring binders in order to make it convenient for the user to photocopy handouts for students and easily transport the day's lesson plans before returning them to the binder for storage.
