## **America's Struggle for Same-Sex Marriage** Daniel R. Pinello

America's Struggle for Same-Sex Marriage chronicles the evolution of the social movement for same-sex marriage in the United States and examines the political controversies surrounding gay people's quest for access to the civil institution of marriage. The book focuses on the momentous events that began in November 2003, when the Massachusetts Supreme Judicial Court declared unequivocally that the state's conferral of marriage only on opposite-sex couples violated constitutional principles of respect for individual autonomy and equality under law. The decision both triggered a political backlash of national proportion and prompted officials in San Francisco, Multnomah County (OR), Sandoval County (NM), and New Paltz (NY) to issue marriage licenses to same-sex couples. The volume relies on in-depth interviews to provide an insider account of how courts, politicians, and activists maneuver and deal with a cutting-edge social policy issue, as well as real-life narratives about everyday people whom the debate immediately affects.
