Criminal Mock Trials | First Edition 2012 Terry Adamson, H. Mitchell Caldwell

This book contains eight realistic mock criminal case files for use in pretrial advocacy, trial advocacy, and mock trial courses. This book is recommended for use in conjunction with the course book, Criminal Pretrial Advocacy, but may also be used as a stand-alone resource for practicing trial advocacy. The case files herein provide witness statements, photographs of physical evidence, police reports, charts and other demonstrative evidence, jury instructions, and additional materials that criminal prosecutors and defense attorneys would rely on to prepare a case for trial. These case files can be used for a variety of criminal pretrial litigation exercises, including: developing case theories; drafting and arguing motions; conducting pretrial and preliminary hearings; preparing witnesses for trial; and negotiating case settlements. The case files include a myriad of pretrial motion issues, such as search and seizure issues and suppressing defendants' statements. This book of mock trials can effectively be used to conduct complete trials, from motions in limine to closing arguments. The case files are an appropriate length for use in weekly or biweekly assignments. Each case file presents a set of facts that allows an able prosecutor to prove the case beyond a reasonable doubt, or an effective defense attorney to raise a reasonable doubt. This book is intended for use in college and law school trial advocacy courses.
