What If the Limits of Time and Space Were Breached?

Junior financial analyst Lena Fairchild loves managing risk and making money. Yet when she gets a mysterious invitation to take a leap into the unknown, she does not hesitate. Soon a series of events takes her to the brink of destruction. But Lena refuses to give in, entranced by glimpses of a future that redefine everything.

Reese Clawson emerges from prison gripped by the slow burn of revenge. She will track everyone who hand a hand in destroying her--and take them out. First on the list is Charlie Hazard.

As time and space become jumbled, Lena and Reese are pulled into a collision course that could alter the parameters of human consciousness.
