## Manual Mont Reid de Cirugía (Spanish Edition) Wolfgang Stehr

- Obra de práctico formato, perteneciente a la serie '*Mobile Medicine*', que se centra en temas quirúrgicos y que ha sido realizada por los residentes y tutores de la Universidad de Cincinnati y basada en el Programa de Formación de los Residentes.
- Se trata de la 6.<sup>a</sup> edición de un libro que se comenzó a publicar hace más de 20 años. Comprende en sus capítulos aspectos básicos de las diversas especialidades quirúrgicas, y su objetivo es que los estudiantes y médicos residentes puedan acceder a todos los conocimientos que necesitan, siguiendo el programa de la enseñanza quirúrgica y que dispongan de un manual actualizado que sirva como guía para un abordaje eficiente y eficaz de los problemas quirúrgicos más comunes.
- Ha sido reestructurada, comenzando con aspectos más generales como educación, cuidados pre y postoperatorios, intensivos o anestesia para pasar a las diferentes subespecialidades quirúrgicas. Esta nueva estructura permite al lector encontrar las respuestas a sus preguntas dentro de la especialidad que mejor encaja con el problema específico que presenta cada paciente. Todas estas partes y temas, incluidos los propios de cirugía general, están siempre expuestos de forma muy esquemática y tratados de manera que sean útiles a cualquier cirujano, especialmente en su etapa de formación y primeros años de práctica profesional. En definitiva, se trata de una obra que fomenta el pensamiento quirúrgico y la toma de decisiones en la práctica.
- Nuevo libro de la práctica serie '*Mobile Medicine*' con un manejable formato tipo "de bolsillo".
- Este acreditado manual está basado en el Programa de Formación de Residentes de la Universidad de Cincinnati, y ha sido realizado por residentes y tutores de la misma institución.
- Este manual actualizado sirve de guía para un abordaje eficiente y eficaz de los problemas quirúrgicos más comunes. En definitiva, se trata de una obra que fomenta el pensamiento quirúrgico y la toma de decisiones en la práctica.
