Dazzling Discoveries: The Explosive Story of Science John Gribbin

A new version of the adult book written specifically for children 11 and up. Covering a huge sweep of science (the last 400 years) the Gribbins look at the great scientists from childhood to old age, telling the stories of their lives and how they came to make their renowned discoveries. A fascinating and highly readable account of the events that lie behind the scientific milestones of history, this book tells us the human stories behind the scientific principles. Previously published in hardback as *Inventing the Future*.
