**Anonymous Soldiers: The Struggle for Israel, 1917-1947** Bruce Hoffman

**A landmark history, based on newly available documents, of the battles between Jews, Arabs, and the British that led to the creation of Israel**

*Anonymous Soldiers* brilliantly re-creates the crucial period in the establishment of Israel, chronicling the three decades of growing anticolonial unrest that culminated in the end of British rule and the UN resolution to create two separate states. This groundbreaking book tells in riveting, previously unknown detail the story of how Britain, in the twilight of empire, struggled and ultimately failed to reconcile competing Arab and Jewish demands and uprisings. Bruce Hoffman, America's leading expert on terrorism, shines new light on the bombing of the King David Hotel, the assassination of Lord Moyne in Cairo, the leadership of Menachem Begin, the life and death of Abraham Stern, and much else. Above all, Hoffman shows exactly how the underdog "anonymous soldiers" of Irgun and Lehi defeated the British and set in motion the chain of events that resulted in the creation of the formidable nation-state of Israel.

This is a towering accomplishment of research and narrative, and a book that is essential to anyone wishing to understand not just the origins of modern-day Israel or the current situation in the Middle East, but also the methodology of terrorism. Drawing on previously untapped archival resources in London, Washington, D.C., and Jerusalem, Bruce Hoffman has written one of the most detailed and sustained accounts of a terrorist and counterterrorist campaign that may ever have been seen, and in doing so has cast light on one of the most decisive world events in recent history. This will be the definitive account of the struggle for Israel for years to come.
