The book recounts the awakening and journey of the Narrator who seeks to make sense of the questions and enigmas, which perplex us and cause more and more anxieties. The Narrator comes across a chance acquaintance. Compelled by what he hears, he embarks on discussions, which make up the fears, hopes, and aspirations of us all. These conversations are interspersed with dream sequences with another Stranger. The dreams often reinforce a conversation, with an alternative perspective. Each conversation/chapter focuses on a value, which is central to human living, some of which we all get wrong most of the time. These values are crucial to rebuilding human life post 2012. There is a mounting sense of new discovery as one Stranger, Jonathan, peels back the inner layers of the Narrator's hidden self to reveal the greatest adventure of all. In the future, we shall live according to renewed values, not based on greed, power and destruction, but based on love, understanding and co-existence. The diverse aspects of these three values form the storyline and subject matter of this book.
