The Bayeux Tapestry: The Life Story of a Masterpiece Carola Hicks

The vivid scenes on the Bayeux Tapestry depict the events leading up to the Battle of Hastings in 1066. It is one of Europe's greatest treasures and its own story is full of drama and surprise.

Who commissioned the tapestry? Was it Bishop Odo, William's ruthless half-brother? Or Harold's dynamic sister Edith, juggling for a place in the new court? Hicks shows us this world and the miracle of the tapestry's making: the stitches, dyes and strange details in the margins. For centuries it lay ignored in Bayeux cathedral until its 'discovery' in the eighteenth century. It became a symbol of power as well as art: townsfolk saved it during the French Revolution; Napoleon displayed it to promote his own conquest; the Nazis strove to make it their own; and its influence endures today.

This marvellous book, packed with thrilling stories, shows how we remake history in every age and how a great work of art has a life of its own.
