Jérémie Bouchet

Magento Extensions Development Jérémie Bouchet

Key Features

- Deploy a complete real-world extension step by step
- Construct your extension with the best and most up-to-date development methods
- Learn about team working and code sharing

Book Description

Magento has been revealed as the best and the most popular open source e-commerce platform in the world, with about 250k+ online stores. Magento 2 is the most recent version of this awesome toolset: every new and modern development techniques is used to offer a real modular approach and powerful architecture.

The book will support you in the writing of innovative and complex extensions. Starting from the beginning, we will cover how to set up a development environment that allows you to be really efficient in your functionality writing, including GIT registering and many other development tools. We then move on to provide a large overview of the best practices to scale your module in a high-load environment.

After these foundations, you will see how to use test driven-development (TDD) and unit tests to handle your code. We then build a complex extension together, step by step, and internationally-ready. Next, you will find out how to protect the users' data. Finally, we will take a look a publishing the extension on the new Magento Connect marketplace and how to protect your intellectual property.

After you read this book, you will know everything you need to know to become an invaluable extension editor, whether it is for your customers' needs or for your own requirements.

What you will learn

- Build a fully-functional complex extension to add new functionality to Magento
- Register your code with GIT and work with your team
- Write new layouts and templates
- Set up a fully configurable grid and forms in the backend
- Create code unit tests and run them through TDD
- Propose localized contents
- Develop optimized extensions for a high-load environment
- Publish extensions on the Magento Connect Marketplace

About the Author

Jérémie Bouchet is a French back-end web developer who began his career by selling fair music. His skills and knowledge of each side of trade gave him all the keys to make a success of numerous Magento projects by working on various complex functionalities.

Jérémie has obtained the Magento Certified Developer certification in 2012. He is the co-founder of Blackbird Agency (http://black.bird.eu), a web agency specialized in Magento projects and e-commerce

challenges.

He created, with his team and friends Anthony Grutter, Benjamin Samson, Ceyhun Kaplan, and Thomas Klein, the ACM extension (http://www.advancedcontentmanager.com), a unique module that adds the ability to create and manage custom content types to Magento.
