Arcadia Publishing's second collection of postcard images concerning the Los Angeles Harbor community of San Pedro follows the 2005 Postcard History Series volume San Pedro Bay. Where that work concentrated on the harbor and water aspects of the colloquially known "Peedro," this new volume looks at the town and its development, buildings, businesses, streetscapes, and residences. The port village and town that grew from it has a rich and varied past with vital influence on the histories of the city of Los Angeles and California, and others no less epic than the sagas of the U.S. military, American labor unions, and world cargo shipping.
