"If you will search within yourself, you will find that within you there is a hunger for the supernatural. Not only to witness it, but also to participate in its performance." How many times have you thought that there must be more to life? The work routines, the laundry baskets, filing taxes... We all feel a need to find fullness and meaning rather than merely existing. We reach out into the universe for a better state of being; we feel an unidentified pull that is outside of what we are familiar with. Worst of all is that we are Christians and we have heard so much about how life with God is supposed to be a kaleidoscope of extraordinary experiences. The Bible is full of adventure, danger, intrigue and one story after another of how God's children stood out amongst the inhabitants of the earth. We look at our stories only to see how commonplace and redundant our church goings and comings can be. John Franco will open your mind to the ways of thinking that keep you in motion, but offers much momentum. With God-inspired exposition on the inheritance of power and authority Jesus gave us, Franco shows that living out our salvation in all its glory is as much about our choices as making the decision for Christ in the first place. There will always be things that get us down, but with the right perspective even the negative aspects of life can be utilized to further our growth. The Almighty's forgiveness and healing work all things for our good. Break out of the monotony and inactivity; step up to the plate armed with God's word about who you are and what you can do, then knock this life out of the park.
