Scientology

James R. Lewis

Scientology James R. Lewis

Scientology is arguably the most persistently controversial of all contemporary New Religious Movements. The Church of Scientology has been involved in battles over tax issues, a ten-year conflict with the Food and Drug Administration, extended turmoil with a number of European governments, and has even been subjected to FBI raids in Washington, D.C. and Los Angeles.

Negative publicity, however, has not prevented the Church from experiencing remarkably steady growth. Official national census figures indicate that the number of Scientologists grew significantly in Canada, New Zealand, and Australia throughout the 1990s, and studies show that the Church gained 10,000 members in the United States during that decade. This has led Scientology to begin referring to itself as "The World's Fastest Growing Religion." But despite its highly public profile, recently enhanced by celebrity spokespersons like Tom Cruise and Isaac Hayes, little has been published about the Church, its history, theology, and mission.

The present volume brings together an international group of top scholars on New Religious Movements to offer an extensive and even-handed overview and analysis of all of these aspects of Scientology, including the controversies to which it continues to give rise. The book's six parts take a detailed look at the Church through its similarities to and differences from other religions, conflicts with various groups, overseas missions, and its theology, history, and sociology.

James R. Lewis has assembled an unusually comprehensive anthology, incorporating a wide range of different approaches. This volume is a welcome and long-overdue resource for scholars, students, and others interested in this controversial and little-understood religious movement.

From reader reviews:

John Krumm:

Why don't make it to be your habit? Right now, try to prepare your time to do the important action, like looking for your favorite reserve and reading a e-book. Beside you can solve your condition; you can add your knowledge by the e-book entitled Scientology. Try to the actual book Scientology as your close friend. It means that it can to get your friend when you really feel alone and beside that of course make you smarter than in the past. Yeah, it is very fortunated for yourself. The book makes you much more confidence because you can know everything by the book. So , we should make new experience as well as knowledge with this book.

Paul Henson:

What do you regarding book? It is not important together with you? Or just adding material when you really need something to explain what you problem? How about your time? Or are you busy particular person? If you don't have spare time to do others business, it is make one feel bored faster. And you have time? What did you do? Everybody has many questions above. The doctor has to answer that question due to the fact just their can do which. It said that about book. Book is familiar in each person. Yes, it is correct. Because start from on kindergarten until university need this particular Scientology to read.

Barbara Goodman:

Hey guys, do you really wants to finds a new book you just read? May be the book with the subject Scientology suitable to you? The particular book was written by well known writer in this era. Typically the book untitled Scientologysis the one of several books that everyone read now. This book was inspired lots of people in the world. When you read this reserve you will enter the new dimension that you ever know previous to. The author explained their idea in the simple way, consequently all of people can easily to recognise the core of this e-book. This book will give you a lot of information about this world now. To help you to see the represented of the world on this book.

Gary Lopez:

This Scientology is great guide for you because the content that is certainly full of information for you who also always deal with world and still have to make decision every minute. This specific book reveal it data accurately using great plan word or we can say no rambling sentences in it. So if you are read that hurriedly you can have whole info in it. Doesn't mean it only provides you with straight forward sentences but challenging core information with lovely delivering sentences. Having Scientology in your hand like getting the world in your arm, data in it is not ridiculous one particular. We can say that no e-book that offer you world within ten or fifteen moment right but this publication already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. active do you still doubt this?
