The End of Imagination Arundhati Roy

The End of Imagination brings together five of Arundhati Roy's acclaimed books of essays into one comprehensive volume for the first time and features a new introduction by the author.

This new collection begins with her pathbreaking book *The Cost of Living*—published soon after she won the Booker Prize for her novel *The God of Small Things*—in which she forcefully condemned India's nuclear tests and its construction of enormous dam projects that continue to displace countless people from their homes and communities. *The End of Imagination* also includes her nonfiction works *Power Politics*, *War Talk*, *Public Power in the Age of Empire*, and *An Ordinary Person's Guide to Empire*, which include her widely circulated and inspiring writings on the U.S. invasions of Afghanistan and Iraq, the need to confront corporate power, and the hollowing out of democratic institutions globally.
