The transition has implications to every business and nonprofit organization in America. This book provides the strategic plan for making the transition to corporate social investing. By following the practical steps described here, businesses and nonprofits can forge creative alliances that can boost corporate profits while at the same time providing added resources for schools, colleges, cultural organizations, civic groups, and other important charities.

If widely implemented, it could substantially increase corporate support for nonprofits, turning the tide against cutbacks, offering profound benefits to businesses, and revitalizing the essential services nonprofits provide.
