Financial Management for Human Service Administrators Lawrence L. Martin

Aspiring and current human services and social work professionals will appreciate the practical advice and abundant examples that make this text an invaluable tool for achieving effective financial management of their programs and agencies. The straightforward presentation and emphasis on conceptual understanding equip readers with the skills they need to use financial information to better manage their organizations. This comprehensive volume covers all the fundamental topics, including: budgeting systems and other financial management tools; financial accounting and the interpretation and analysis of financial statements; performance measures; forecasting of revenues, expenses, and caseloads; fee setting; and government contracts. Moreover, case studies and end-of-chapter exercises encourage readers to apply chapter content to real-world situations and provide additional reinforcement of key concepts.
