As a college student, I exactly feel bored to reading. If their teacher expected them to go to the library as well as to make a summary for some book, they are complained. Just very little students that have reading's heart and soul or real their leisure activity. They just do what the professor wants, like asked to the library. They go to the library but nothing reading critically. Any students feel that examining is not important, boring and also can't see colorful pics on there. Yeah, it is to get complicated.
