## **The Allegiance Device (Rebellion) (Volume 1)** Darrell Maloney

There's a certain element in our society that believes the federal government is using FEMA death camps, mind altering drugs, and tracking implants to control us all. These people are generally ridiculed and scorned. But what if they're right? Megan and Jason are a young couple with a small child, enjoying a typical American life in an average suburb. There's nothing special about them at all. And then they notice that people around them are mysteriously disappearing. Some of them are never seen again. Some of them come back, but there's something oddly different about them. Megan is a newspaper reporter, and starts investigating. Until, that is, she speaks to the wrong people and asks too many questions. Then she and her family are no longer just typical Americans. They are now targets of the United States government.
