A Critical Assessment of Sahih Bukhari and Sahih Muslim Ayatollah Sayyid Ali Milani, Yasin Publications

Sunnis consider the two books of Sahih Bukhari and Sahih Muslim as correct from the beginning to the end, dealing with them like revelation. They have based all their principle beliefs on the basis of their content. Sunni researchers refrain from considering as fabricated any tradition that has appeared in these two books, for the position of these two books is very high in their eyes. The present work studies these two books and some of the traditions they contain, in order to make it clear that all the traditions that these two books contain are not authentic (sahih) and that one cannot say that the traditions that have not appeared in these two books are not authentic.
