## Sudan Divided: Continuing Conflict in a Contested State

The secession of South Sudan in July 2011 took place against the backdrop of the Arab Spring, spurring hopes of a "new beginning" that might lead to a more just, democratic Sudan. This book examines how the Islamist project has shaped developments in Sudan, with a particular focus on how divisive policies at the local and regional levels have created growing regional subcultures of ethnic violence and fragmentation - as well as renewed struggles to fight continued marginalization.
