**The most comprehensive guide to reading the signs and tracks of dozens of animals!**

“To derive the greatest pleasure from the pursuit of game,” Brunner writes in the foreword to this classic hunting guide, “it is necessary to be versed in the science of interpreting the meaning of tracks and trails.” With these words, the author begins his comprehensive survey of how to track and read animal signs. To the author—and hunter—this is not simply a matter of skill, but one of honor. A sportsman should consider it a sacred duty to acquire a working knowledge of tracks, trails, and signs.

The contents of this book represent the experience gained by the author from twenty years of uninterrupted life in the great outdoors. Included in this book are chapters on hunting on a wide variety of animals, such as:

- White-tailed deer
- Moose
- Bears
- Bobcats

- And many more!
