## **Embrace, Release, Heal: An Empowering Guide to Talking About, Thinking About, and Treating Cancer** Leigh Fortson

After her third cancer diagnosis in three years, Leigh Fortson was given few options by her doctors and little hope for a bright future. For weeks, she mourned the life she thought she was losing—until she was introduced to an idea that changed everything: our thoughts and emotions influence every cell in our body.

This revelation gave her the hope that would begin her journey to becoming cancer-free and more joyful than she had ever been before. *Embrace, Release, Heal* shares her inspirational story and the fruits of her research in one empowering book.

Created to help anyone whose life has been affected by cancer, this in-depth resource offers interviews with both allopathic and integrative medical experts; remarkable accounts from people who transcended "terminal cancer" and are now thriving, snapshots of progressive treatment techniques; and insights into other key factors that can affect well-being—including thoughts, emotions, and diet.

#### **Debra Davin:**

As a scholar exactly feel bored for you to reading. If their teacher requested them to go to the library or even make summary for some book, they are complained. Just little students that has reading's heart and soul or real their passion. They just do what the instructor want, like asked to the library. They go to there but nothing reading seriously. Any students feel that studying is not important, boring as well as can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this time, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this Embrace, Release, Heal: An Empowering Guide to Talking About, Thinking About, and Treating Cancer can make you really feel more interested to read.
