In this easy-to-follow pocket edition, the ancient Chinese system of predicting the future has been made simple, opening the hidden world of the I-Ching to the nonspecialist.

The method of divining the 64 prophetic hexagrams, and the way to interpret their meaning correctly, is clearly explained, and—to give extra assistance—each hexagram is divided into 20 different categories of concern, ranging from love and marriage, to your best bets in business, and how to take care of your health. Thus, your fortune can be infallibly revealed in a way that has been followed throughout the East for more than 2000 years.

Fascinating, intriguing, and entertaining—this is a book you really can't afford to be without.
