When Antony met Collier, his life became perfect...until "Collie" was wrongfully arrested and brutally murdered in the city's jail, sending Antony's world into chaos. Then a chance comment led him to believe Collie's death was not "a tragic incident that no one could have prevented," but was actually part of a vicious conspiracy. Antony set out to learn the truth, putting himself on a collision course with a shadowy group of people who would stop at nothing to protect themselves...even if it meant killing not only him but anyone else they felt was a threat -- including Jake, another man touched by the conspiracy...who was willing to back Antony up, and who was offering him a chance at a new life.
