## **Beyond East and West: Memoirs, Portraits and Essays** Bernard Leach

In our time, Bernard Leach has done for pottery what Henry Moore has done for sculpture. This... infinitely rewarding book is an account of his pilgrimage through life.' *Times*

Bernard Leach (1887-1979) was as renowned in Japan and the East as in Europe and America, both as an artist-craftsman and as a thinker. His interpretation of the traditions of the Orient in the making of pots - and in evolving a philosophy of life - was a lodestar for many potters in the West.

*Beyond East and West*, first published in 1978, is more than an autobiography. Full of sharply-etched and amusing recollections, it contains much of Leach's deeper thought and a great deal too about the practical application of his ideas. Its recurrent theme is the meeting of East and West at all levels - artistic, cultural, social, political.
