The Marian Conspiracy: The Hidden Truth About the Holy Grail, the Real Father of Christ and the Tomb of the Virgin Mary Graham Phillips

In 1929 the Holy Inquisition seized a secret communique from a senior bishop to the Roman emperor when Christianity became the state religion of the Roman Empire in 325AD, and hid it in the Vatican's most sealed files. Graham Phillips' research in linking together the pieces of this puzzle at the heart of Western civilization has not only uncovered an extraordinary conspiracy, but also a wealth of new evidence pointing to the Jesus who did exist, and what became of his mother and early followers. Further, by identifying who the earliest Christians really were, he has possibly uncovered the resting place of Mary. This powerful story, which knits together historical analysis, archaeology, science and documentary evidence as never before, has opened up a whole new door of historical exploration.
